

# Foggle latch clamps

Stainless steel cable ties

**One-use product :** No

**Material :** Stainless steel

Foggle latch clamps are stainless steel 304 reusable ties, and are consequently used when ties need to be taken off regularly (aspiration, anti-dust, ventilation etc)

It is 20 mm wide ; we offer 9 diameter combinations, from 80-124 to 741-820 mm

It is very important to know the precise outer diameter to be tightened to order the appropriate reference.
